Are you frustrated and overwhelmed by all the choices you have to make for the new bathroom you are dreaming of?

Yeah, we know! It's a minefield isn't it? Will your new bathroom be a stunning masterpiece like you're aspiring to? Are you picking good quality products that will last? Will you have to compromise or will you end up with a touch of luxury yet still be within your budget? Which colours will blend well together and not go out of fashion next year?

“We want you to be able to stand back once it's done and look at your choices with pride. No regrets.

That's why at Timberline we spend so much effort making sure it is as easy as possible to choose the perfect vanity, tallboy, mirror or shaving cabinet. This brochure may be massive, but once you've sat down with your favourite glass of wine and

thumbed through your options you will see how we make it easy. It's a philosophy for us - in these pages you will be able to choose the perfect style and budget. From there you can customise your chosen cabinet in any of our colours and finishes shown on the pages at the back.

But don't sit there guessing what your chosen cabinet and colours will look like – jump online at www.timberline.com.au and use our “**Online Showroom**” to see your vanity in the exact colour and combinations of your choice. You no longer have to guess if you've made the right selection – a picture paints a thousand words.

Once you've done that you can sit back knowing that you made the right choice. Not only for the designs and colours. You've chosen the most

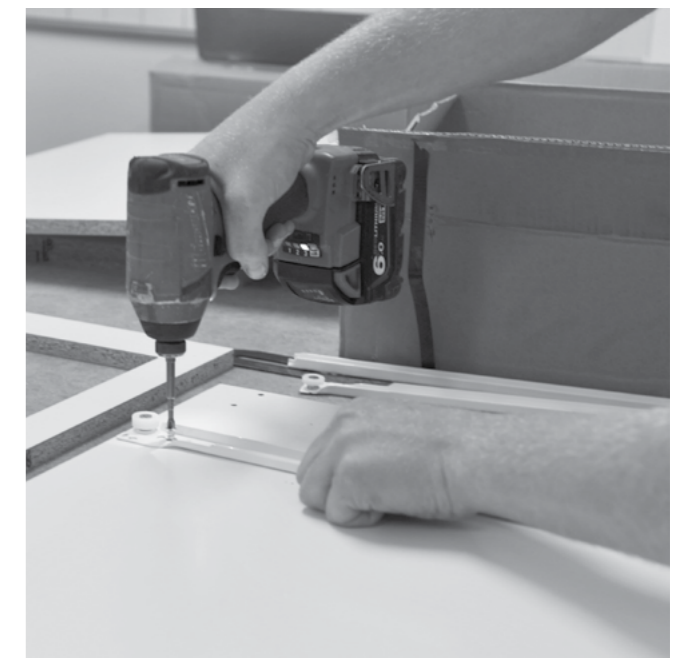

respected brand. Your Timberline vanity is going to be custom made just for you in our factory in Armidale NSW where we manufacture thousands (yes, literally thousands) of vanities a month. We have a passion for manufacturing in regional Australia and backing up our product with our much loved customer care team. Test them out to see just how fantastic they are. Got a question? Give us a call. We can easily help you to make sure you are making a great choice and then point you in the direction of one of our trained dealers where you can place your order.

Once you've done that, leave it to us. Our team will quickly make your order and dispatch it in one of our legendary 'Indestructible Crates.' That will ensure it will turn up in tip-top condition so that your new bathroom can be finished on schedule.

That's why you've got a Timberline brochure in your hand right now. You want the bathroom of your dreams. No regrets. You're in the right place.

We look forward to getting your designer vanity into production.

Co-Founder & MD

PRODUCT INFORMATION

Every single cabinet in this brochure is 100% Australian made. That means you know you are getting a **reliable product from a reliable source.**

All acrylic vanity tops are also Australian made while our ceramic and sculptured marble vanity tops are sourced from Europe and Asia but made to our exacting specifications and quality standards.

WOW! You can choose any cabinet in this brochure and **mix and match** our huge range of Colours and Handles. Personalise your vanity with our ultimate selections to create just the look you are after!

Check out the back of this brochure for our stunning selections that can be used on any cabinet in this brochure - at **NO EXTRA COST!**

We know that you want something special. Picking options out of a catalogue is good to a point but sometimes you need something a little unique **just for you.**

That's where Timberline can help. We can tweak or adapt any of our cabinets to suit exactly what you need. Obviously there are limits to what we can do (we're not magicians after all) but chat to the sales team to find out how we can **custom make** our cabinets to bring some magic to your new bathroom.

THE ULTIMATE TEST OF STRENGTH

PACKAGING THAT GETS TO YOU

There is nothing worse than the excitement of opening your new vanity only to find it has been damaged on the way. Not with our SUPER CRATES!

Every product we ship comes in its own ultra strong SUPER CRATE. And yes - they are strong enough to hold up a commercial van.

Every vanity, tallboy and shaving cabinet comes in its own SUPER CRATE! That's our way of making sure it gets to you!

THE ULTIMATE STRENGTH TEST

Having a great looking vanity is one thing. Having a vanity strong enough to use as a grand stand for your whole family is another!

For this TEST OF STRENGTH we installed a 1500mm wall hung vanity using the bare minimum number of fixings to meet our installation instructions. Then we loaded it with 37 bags of cement totalling 740kg. With our solid rear panel which is tongue and grooved into the cabinet the vanity supported this full weight.

With TIMBERLINE vanities you can be assured you aren't only getting a pretty face! Our vanities are tough!

740kg!! On a wall hung vanity!

HERE IS WHAT PEOPLE ARE SAYING ABOUT

Timberline

The service is outstanding... The company has grown rapidly but the high standard of service still remains. The products are also an extremely high quality and the variations/combinations allow clients to really explore some new design concepts without the extra cost! Emily and Harry have always been my go to with customer issues and they are SO fantastic, everything gets sorted asap. I never recommend another brand to clients, there's just no comparison.

BREE, QLD

Customer service is always a delight to deal with and no task is too small or too big for them. They come up with solutions to keep our customers happy and every product we receive is of the highest quality.

BIANCA, NORTHERN NSW

Great quality product. Excellent packaging. Quick production time. And excellent customer service. Pleasant and efficient, nothing is ever a problem. Always a pleasure to deal with Timberline.

GABY, SYDNEY NSW

The product is amazing. My customers are able to customise to their own desire. [They] can't believe the options available and at a suitable price that doesn't break the budget. This makes Timberline stand out from the [competition] which manufacture similar Australian made vanity units. Big thank you also to Vivienne, Emily, Harry and Jodie, as the customer service is so delightful. [It's] a great asset to your company and brand. Keep up the great work.

BRENDAN, ERINA NSW

Australian made, Australian jobs... Market leading and the benchmark for all others to attempt to match in this industry.

DAMON, NEWCASTLE NSW

...Fantastic service and wonderful products. I thoroughly recommend Timberline.

NARELLE, WA

Amazing service and nothing is too difficult. Staff always helpful and fast turnaround for delivery of goods. Faulty products are always sorted and replaced promptly. Just fantastic service is how I would sum it up!!! Thanks to all the wonderful staff.

MELINDA, VIC

The product is great, but its really the service we get back from the end of the business that makes the difference.

TOM, DRUMMOYNE NSW

The product is dynamic and high quality. More than that however is the amazing service I experience each and every time I deal with Timberline. Nothing is ever too much trouble and the company embodies good old fashioned courtesy, respect and customer focus. Love dealing with Timberline.

JULIE, GEELONG VIC

Nothing is ever too much to ask for, very accommodating and friendly staff. Can order products with the confidence that the staff will be there to help should any issues arise.

SHEREE, MID NORTH COAST NSW

I have to say up front, my wife and I were so impressed at the speed and nature of your response to our questions. It's special, that feeling you get when a company treats a customer the old-fashioned way. Definitely doesn't happen much these days so thank you.

JOHN, ADELAIDE SA

I believe the Timberline product is second to none in terms of quality (I have several items in my own home so speak from firsthand experience). However it is in my dealings with Timberline as a retailer that I can't fault the company. On any and every occasion that we have had a small issue they have resolved it quickly and always with the customer's satisfaction in mind. The service team are friendly, professional and the process means that few errors are made regarding ordering.

LIGHTING KITS

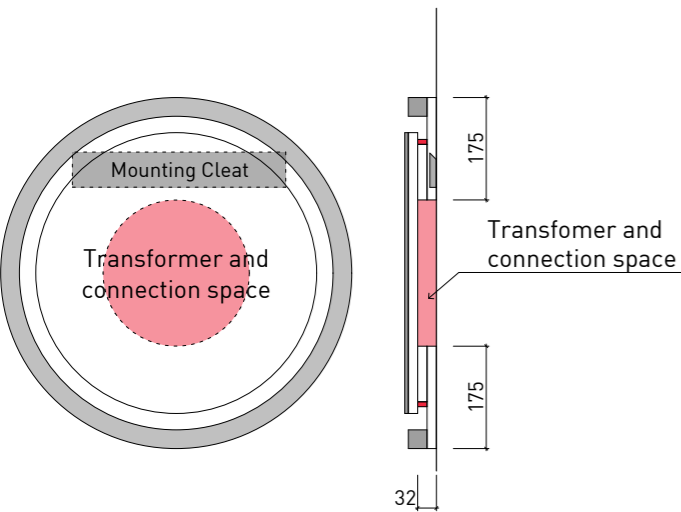

NOTE: An electrician will be required to provide in wall wiring and provision for an on/off switch before the bathroom walls are sheeted or tiled. When LED is selected cabinet size may vary slightly.

Warm white LED lighting is powered by a DC24V transformer, which comes with a 3-pin plug for connecting to an existing GPO or can be stripped off and hardwired in by your electrician.

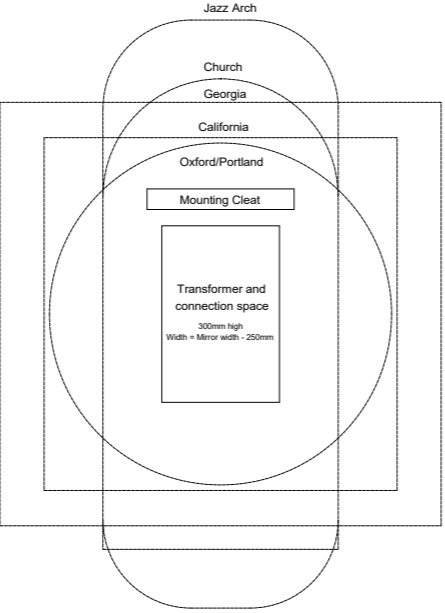

As standard, your electrician should drop power down to the right-hand side of your shaver, and to behind the drawers in your vanity (or right-hand side in all-drawer models) in preparation for your new install. We can customise this side if your new bathroom design requires it – just speak with your store about your options.

Your electrician will need to provide on/off options when wiring in. An optional dimmer can also be purchased for light level adjustment. If further information is required by your electrician, please feel free to contact Timberline directly for further technical specifications.

WHAT MAKES OUR FURNITURE SPECIAL?

TONGUE AND GROOVE JOINTING

All the solid backs and bases are assembled with a tongue and groove joint with multiple cam fix points. This creates exceptional strength and durability, particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top.

SOLID VANITY BACK

At Timberline we always use a full 16mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 3mm paper lined MDF back.

SOFT-CLOSE HINGES

Only the best European fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span. All hinges include built in soft-close mechanisms.

CONSTRUCTION BRACKETS

Specially designed internal brackets make a neat and strong finish which is much, much stronger than ugly staple blocks.

MOISTURE RESISTANT BOARD

All our cabinets are manufactured with Moisture Resistant (MR) Board. This gives you the best protection against swelling and other moisture damage.

All our board is sourced from responsible, certified suppliers, and is either "E0" or "E1" low formaldehyde eco-friendly product.

DURABLE EDGING

The edging on our woodgrain cabinets is a strong ABS with matching grain. This means you will get years of durable service from your new woodgrain cabinet.

TOPS & SOLID SURFACE

What really is the difference between our various vanity top options? Which is better? See the pros and cons below. It all comes down to your personal choice... that's why we have them all.

WARRANTIES & INSTALLATION

INSTALLATION INSTRUCTIONS (Cabinets)

All installation works should be carried out by a licensed tradesman according to the 'Plumbing and Drainage Code of Practice' and the requirements of any relevant statutory body.

- Please check thoroughly prior to install. See install instructions.
- During the framing and rough in stages of construction ensure that there are sufficient fixings for the mounting of the vanity cabinet. There should be at least two vertical studs for fixing provided not more than 100mm from each edge of the cabinet.
- Ensure that the wall is straight and plumb and free from any bow or twist otherwise the drawers and doors will be out of alignment.
- The solid back of the cabinet must not be damaged, removed, cut or drilled more than is necessary for the access of the plumbing pipes.
- During installation the cabinet should be fixed with screws through the solid back of the cabinet. The screws should be suited to the stud material and have a pan or counter sunk head. Provide a horizontal row of screws within 100mm vertically from the top of the cabinet at a maximum of 300mm horizontal spacing. The screws closest to the left and right edge of the cabinet should be within 100mm of each side.
- Prior to fixing the top to the cabinet with silicone ensure that the cabinet is level and plumb in all directions. If not remove the cabinet and pack or straighten the wall accordingly.
- After installation use the adjusting screws of the hinges and drawer runners to align the doors and drawers.

Detailed instructions are included with the vanity.

caesarstone® 20mm COLLECTION

A classic and natural look! Caesarstone® is a 20mm thick engineered stone product has all the timeless beauty of natural stone. Manufactured with 93% natural quartz the durable surface is a practical, easy to clean, hard wearing option.

NOTE: While the colours below are our core range, we can access any of the Caesarstone 'Classico' 20mm range for the same price, with the exception of the 'Super Natural ULTRA' colours.

Caesarstone may be substituted for equivalent colours if required.

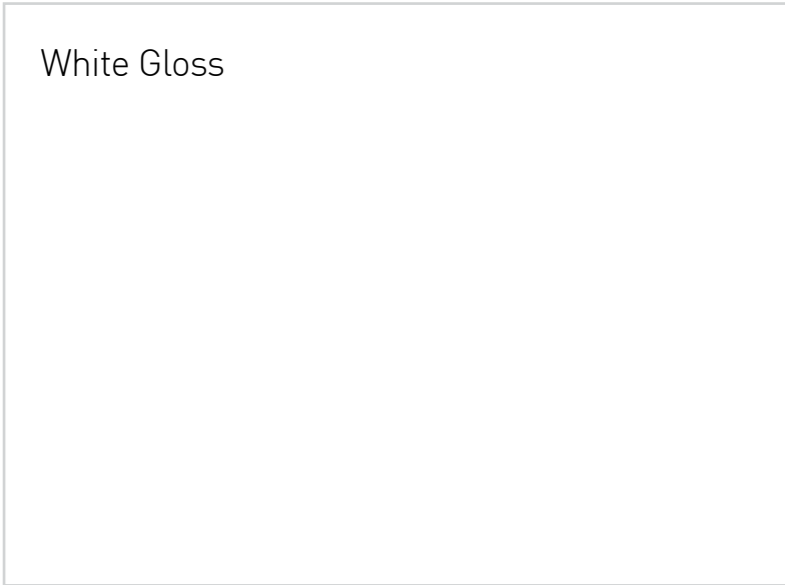

Caesarstone is made from natural quartz and therefore some variation on colour and aggregate may occur. While the colours in this brochure are to the highest standard in printing, it should only be used as an indication of actual product design. We always recommend making a final colour selection by viewing displays of larger panels in your nearest Caesarstone or kitchen retail showroom to appreciate the movement of the design over a large surface.
